DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

This is a communication from a non-examining brach (which is relayed through the Patent Examiner).

The named person in the communication is Bernadette Queen of USPTO.

The communication was as follows:

"

... [to] Examiner Jung ... Petition 7/26/04 is adding applicant Nicholas M. Carrol, but the oath included with the petition was filed under 37 CFR 1.63 using an application data sheet (ADS) which is not found. Please provide residence of Nicholas M Carrol Thank you Bernadette Queen ...

"

The Patent Examiner (Jung) would like to note the following.

First, this is a non-examining matter in which the patent examiner has no control.

Second, the message seems to indicate that Bernadette Queen (the person listed for this non-examining matter) is to be contacted.

Third, the Patent Examiner (Jung) himself has no further insight on this matter other than what can be discerned from the official USPTO Record. The Patent Examiner does not purport to have greater knowledge of this matter than the persons listed in the office USPTO record (the persons listed as being responsible for this matter).

Acting Examiner of Art Unit 2434
